

NOTE FROM MOCKUP REVIEW

Creative Director: Alex K.

Designer: Jefferson D.

- Some slightly more integrated images
- Overall the tone is correct and works well
- Can make the map part of "LOCATION" tab in the footer with the sources page
- And then make "LOCATION" tab just "HOME" or "INTRO" and look to add another photo of more fan culture, tailgates, etc. (search "bsu tailgate" or "bsu fan culture")
- Play with more background element photos, but that might not work.
