Note from meeting HTML Review:

Creative Director: Alex K.
Designer: Jefferson D.

- "ALBERTSON'S STADIUM" at the top is a little illegible. Work on value contrast w/ the background
- Load time on some of the images takes too long, look to reduce the size of those.
- Work on a new nav for mobile sizes. Nav gets a little too small
- In general, check responsiveness with type size, leading and making sure it occupies the whole window in mobile.
